APTA(American Public Transit Assosiation)規格保管リスト

No.	番号：	名　　称	file No.
1	Issue of July1, 1999	Manual of Standards and Recommended Practices for Passenger Rail Equipment	1
2	APTA RP-E-004-98	Recommended Practice for Gap and Creepage Distance	1
3	APTA RP-E-007-98R1	Recommended Practice for Storage Batteries and Battery Compartments	1
4	APTA RP-C&S-001-98	Recommended Practice for Passenger Equipment Roof Emergency Access	1
5	APTA SS-C&S-002-98	Standard for Static Strength of Attachment of Major Equipment to the Car Body Structure of Railroad Passenger Equipment	1
6	APTA SS-C&S-004-98	Standard for Austenitic Stainless Steel for Railroad Passenger Equipment	1
7	APTA SS-C&S-005-98	Standard for Car Body End Compressive Strength for Railroad Passenger Equipment	1
8	APTA SS-C&S-010-98	Standard for Car Body Roof Strength for Railroad Passenger Equipment	1
9	APTA SS-C&S-011-98	Standard for Cab Crew Seating Design and Performance (乗務員の運転室腰掛の設計及びパフォーマンス)	1
10	APTA SS-C&S-013-99	Standard for Corner Post Structural Strength for Railroad Passenger	1
11	APTA SS-C&S-014-99	Standard for Collision Post Structural Strength for Railroad Passenger Equipment	1
12	APTA SS-C&S-016-99	Standard for Seating in Commuter Rail Cars (通勤車両における腰掛規格)	1
13	APTA SS-C&S-018-99	Standard for Car Body Side Strength for Railroad Passenger Equipment (鉄道車両の車体側面強度規格)	1
14	APTA SS-C&S-034-99	Standard for the Design and Construction of Passenger Railraod Rolling Stock (旅客鉄道車両の設計及び構造規格)	1
15	APTA SS-E-001-98	Standard for Insulation Integrity (絶縁性規格)	1
16	APTA SS-E-005-98	Standard for Grounding and Bonding (接地及びボンディング規格)	1
17	APTA SS-E-013-99	Standard for Emergency Lighting System Design for Passenger Cars (旅客車の非常用照明システムの規格)	1
18	APTA SS-PS-001-98	Standard for Passenger Railroad Emergency Communications (列車における非常用連絡)	1
19	APTA SS-PS-002-98 Rev	Standard for Emergency Signage for Egress/Access of Passenger Equipment (鉄道旅客車出入口の非常用表記規格)	1
20	APTA SS-PS-004-99	Standard for Low-Location Exit Path Marking (低出口通路のマーキング規格)	1
